

Louisville Preschool

Literacy Bags

Literacy plays a very important role in your child's day at the Louisville Preschool. We would like to extend these experiences through the Lending Library we have created.

Each literacy bag contains a book, props related to the book, and a notebook. The props help the story come alive, offering opportunities for more concrete exploration; the notebook is included to share activities done related to the book, in picture or dictation format.

By borrowing literacy bags, children will be able to take multiple storybook journeys of their own during the course of the school year.

The lending library is located in the cabinet next to the front door. You will find a sign-out sheet above the bags on a clipboard that includes a complete list of titles. We ask that you limit yourself to one bag at a time and return it within one week. Instead of re-shelving, please place your bag in the return basket and sign it back in. If materials are lost or broken, as they may very well be, please do not hesitate to let us know so that we can repair or replace them.

We hope you and your child/ren will find the literacy bags to be a fun way to spend time together!
